The rail traffic data herein come from the AAR's Weekly Railroad Traffic report (WRT). Data in WRT are subject to revision for up to a year following initial submission by a reporting railroad. When a railroad is unable to submit its traffic figures for the current week, the AAR may repeat figures from a prior period or include an estimate. These figures are replaced with carrier-reported data as soon as possible, and future reports reflect these revisions. WRT includes more detailed rail traffic data than is provided herein. Monthly rail traffic data are available in the AAR's Rail Time Indicators report (RTI), which (like WRT) is free to AAR members and is available to others via a one-year subscription. WRT and RTI reports can be ordered at www.aar.org/Pages/AllProducts.aspx.
